Start with a healthy smile

Oral health doesn't just affect how you look. Often, the first sign of a serious medical condition is in your mouth. Recent research suggests a link between oral health and heart disease, stroke, diabetes and pneumonia.¹

MyOption Enhanced Dental Plus can boost your dental benefits and help better control your out-of-pocket costs.

For an additional premium, it allows you to add benefits to your plan, benefits including preventive, basic and major dental services.

Our nationwide network has more than 150,000 dentist locations.
